

## Perfectly centered, universal use!

### Ideal for solid carbide - milling cutters, shank tools and drills

- in these TopPack inner and outer tubes, shank tools, milling cutters and drills are securely positioned centrally in the pack - irrespective of tool diameter
- delicate cutting edges have protection from the internal conical ribs
- variable length adjustment by means of ratchet mechanism ensures universal use on tools of different dimensions
- re-closable and reusable
- grooves in bases provide good grip for easy opening
- sturdy, oil and moisture resistant

#### Product range

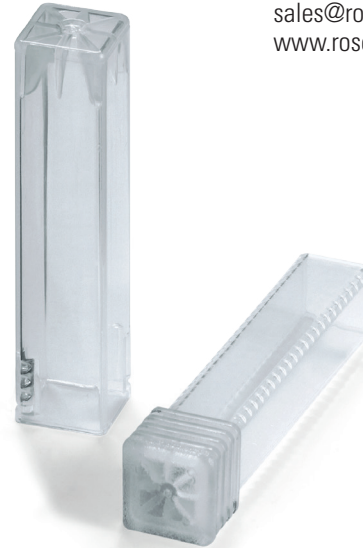

- PP transparent or in various attractive colours

#### Raw material

- Polypropylene (PP)

#### Packing

- outers and inners packed separately in individual cartons
