

Plastic Tube Container TopPack Wing

One-piece plastic packaging tubes for solid carbide shank tools

Material

→ Polypropylene (PP)

Product Range

→ PP transparent or in various attractive standard colors

Product features TopPack Wing

TopPack Wing is a user-friendly and reusable tube packaging solution features two hinged "wings". Complete access to the base when fully opened, is an important advantage of the packaging tube. It provides easy loading of the tool by the manufacturer and at the same time safe and easy removal by the end user. An integral clamping design feature gives increased shankholding.

- total protection for delicate tool tips due to complete coverage
- simple handling due to the hinged 'wings'
- easy loading / unloading due to the hinge design
- additional support through integral shankholding fixings
- durable and reusable
- sturdy, oil, and moisture resistant

Product Range: TopPack Wing
